DRUMMERS TO CELEBRATE

Big Doings at Glenmary
Sept. 28.

"KNIGHTS OF THE GRIP"

From Columbus, Marion and
Delaware to Picnic.

There will be all kinds of Out Door
Athletic Events for Both the
Ladies and Gentlemen.

There will be rare doings at Glenmary park, Sept. 28, when the "drummers" of Columbus, Marion and Delaware take possession of the grounds for the day. The outing is given by Columbus council No. 1, U. C. T., of Columbus, and there will be all sorts of games, dancing and a red hot baseball contest. It is probable that the question, whether Findlay or Columbus ball tossers are the better players, will be settled. Findlay and the capital city team have a game "coming," and it is likely the contest will be pulled off at the Glenmary picnic. The entries of the other events will not be closed until the moment of the starting of each contest.

It is expected there will be over 500 from Columbus alone, and as Delaware, Marion, Findlay and other towns are interested it is thought that 1500 travelers, their wives and families will be on the ground when lunch call is sounded from 4 until 6:30. The program of events, aside from dancing, music and the ball game, follows, beginning at 2 p. m.

Fat man's race for all commercial travelers of 200 pounds or over; 100 yards. The prize will be a box of

CITY MARKET IMPROVEMENTS

Badly Needed During the
Summer.

PUBLIC SERVICE BOARD

Considers the Matter at
Tuesdays Session.

No Place to Keep Meats and Vegetables During the Torrid Weather—Contracts are Awarded.

At the meeting of the Public Service board, Tuesday evening, much time was given to open discussion, little business of importance being transacted. Every member of the board was present.

After the usual number of bills were allowed Superintendent May of the city market was called upon for his monthly report. An expression of disappointment came over the faces of the board members as the report was read, it being far from an encouraging one. The report stated that in the four weeks ending August 14, there were but \$17.50 in paid receipts. For the ensuing four weeks, Mr. May stated that the receipts were already \$24.72. Business at the market during the summer and especially during the early part of August was very poor, owing to the extremely hot weather, the scarcity of good market produce and the abundance of flies. As it is almost impossible to keep meat in good condition at the market, scarcely a butcher has meat for sale there on market days. The extreme scarcity of fruit has also been a serious drawback to the success of the enterprise this summer. However, whatever is offered for sale in good condition and is nicely handled is sold without difficulty, which fact adds to the necessity of improvements at the market. No action was taken regarding the matter but the board members will, meanwhile, consider the problem carefully.

A contract was awarded to John Kinsler to begin work at once upon the construction of stone sidewalks on given sections of Avondale, Farming, Nile, Midland, Garfield, Summit, Prospect and Tully streets and Seffner avenue. The board required a bond of \$2,400. Mr. Kinsler was not the lowest bidder but was able to begin the work at once and so was awarded the contract.

The construction of sidewalks on Cayuga street and Garden City pike was awarded to J. B. Noble. The clerk was directed to advertise for bids for the construction of sewer drains through the first alley north of Center street between Prospect and Oak streets, and on Kenton avenue, Bellevue avenue, Avondale, Superior, York and Mary streets.

Addison Bain, superintendent of parks was present and invited the members of the board to visit Lincoln park Thursday, and consider the project of constructing an artificial lake at the park rather than attempt to form one of the swampy bog now located there. Mr. Bain's plan was favorably considered as it is estimated that the expense of a new lake would be far less than that of remodeling the natural bog and it would, moreover, be far more safe for children who visit the place.

To abate the difficulty of hunting up the owners of dead dogs about the city, President Buzard suggested that the dogs be taken to the garbage plant free of charge. The suggestion was well discussed as were also the various complaints in regard to sewage conditions and the removal of night soil and garbage. After a lengthy discussion of various minor matters a motion was made to adjourn.

ANNUAL RALLY

Held by Epworth League of Wesley M. E. Church.

The Epworth League of Wesley M. E. church held its annual rally at the church, Tuesday evening, with a good attendance. An interesting program was given. Miss Bertha Eaton, fourth vice president, was in charge.

Vocal solos were rendered by Misses Mary Trickey and Irene Neely and duets were sung by Rev. and Mrs. C. E. Rowley and little Misses Hazel Davis and Lela Watkins. A selection was rendered by a quartet composed of Rev. and Mrs. Rowley, Mrs. Ira Pine and B. F. Davis. B. F. Davis read a history of the league and Miss Eaton taught the lesson.

CARD OF THANKS

The many friends and neighbors of Charles Harraman and family are hereby publicly thanked for the many kindnesses and attentions paid them during the illness and death of their son, Charles; also for the many beautiful floral offerings presented. The Hogan Runts are especially thanked for the beautiful floral design presented in remembrance.

MEETING OF STOCKHOLDERS

Of the Lincoln Nevada Mining & Milling Co.—Directors and Officers Chosen for Coming Year.

One Million Five Hundred Thousand Dollars Worth of Gold, Silver Lead and Copper Are Blocked Out And on the Dumps.

It may be remembered that a Marion man, Mr. W. M. Jackson, succeeded in financing this great company after Mansfield men had failed to raise sufficient money to save the company, and put it on a paying basis. Since Mr. Jackson took charge of the financial end of this company, the stock has increased in value over 400 per cent. Stock that could have been purchased six months ago for 25 cents cannot be bought today for \$1.00 per share, and is actually worth \$1.50 per share on the market.

The stockholders of the Lincoln, Nevada, Mining & Milling company held their annual meeting Monday at the office of Dr. McCullough in this city. The company has ten mines in the Pioche mining district of Nevada.

The Lincoln, Nevada Mining & Milling company is financed with a capital of \$1,000,000. The company is composed of some of the best business men of Mansfield, Marion, Findlay, Columbus, Bucyrus and Kenton besides, the original promoters of Pioche, Nevada.

The officials say the company now has \$1,500,000 worth of gold, silver, lead and copper ore blocked out and on the dumps ready for millings and shipping. The company is fully equipped with office buildings, blacksmith shops, power houses, engines and gasoline hoists.

Lumber in car-loads is on the grounds now, and the erection of stamp mills and a big water power are being pushed to the fullest extent.

The long looked-for railroad is in course of construction, and now is in sight of the mines, and upon completion of the railroad, which will be in about thirty days, the great boom will be on, and Pioche will be one of the greatest—if not the greatest—mining camps in the world.

The mine has been in operation two years. Col. W. B. MacSherry, of Pioche, Nevada, was present at the meeting and gave a complete report of the conditions now existing at the mine.

At the business meeting following officers were elected for the year: President, and General Manager; Col. W. B. MacSherry, of Pioche, Nevada; vice president, H. M. Rubins, Marion; Dr. A. H. McCullough, of this city, secretary and treasurer, subject to the removal of office to Marion at the pleasure of the stockholders. There were about 30 of the stockholders present at the meeting, including the following which are among the heaviest:

W. B. MacSherry, J. G. Hull, George Arbogast, Robert Mullhall, R. R. Mullhall, of Pioche, Nevada; John A. Lester A. and Howard Jordan Scott of Findlay, W. M. Jackson, Dr. A. Rhu H. M. Rubins, Otis O. Brooks, Willis Hipsher, Dr. J. G. Seddes of Caledonia, J. J. Hastings, Kenton; E. M. Miles, of LaRue, and Dr. O. H. McCulloch, C. K. Hershey, J. B. Lindsey, M. O. Gates, H. W. Simpson, George R. Mathews, C. W. Jelliff and L. R. Rodrup, of this city; Dr. Frank Winders and C. A. Bond, of Columbus.

The stockholders elected are Col. W. B. MacSherry and J. G. Hull, of Pioche, Nev., H. M. Rubins, Dr. A. Rhu and J. C. Markert of Marion and Dr. A. H. McCullough and C. K. Hershey of Mansfield, Directors.—Mansfield Shield.

PRECINCT CAUCUSES

Held Tuesday Night by
Democrats.

DELEGATES ARE CHOSEN

To City Convention Held
This Evening.

Harmony and Good Feeling Prevailed and Prospects are Good for a Lively Convention

The Democratic precinct caucuses held Tuesday evening for the purpose of selecting delegates to the city convention which will take place at the courthouse this evening were well attended despite the fact that there was practically no contest for delegates. The utmost harmony and good feeling prevailed at all of the caucuses and everyone is enthusiastic over the prospects for a rattling good convention and a successful campaign.

In all four wards strong candidates for the council were chosen. In two of the wards, the First and Fourth, there was no contest. George Neely being nominated without opposition in the First and Jacob Hurr without opposition in the Fourth. Both are strong men and are certain to appeal to the voters in their wards.

In the Second ward was the warmest contest of all and as a consequence the vote there was the heaviest. J. J. Rudolph won over John A. Tynan by a vote of 92 to 61. Rudolph is counted upon as being a particularly strong candidate and Democrats and Republicans alike predict his election.

In the Third ward B. B. Carter won over George Orr and Samuel Bader. Carter secured 65 votes. Orr 19 and Bader 13. Carter has been a trusted employee of the Marion Steam Shovel company for years and it is generally thought that his long residence in the Third Ward will make him an easy winner.

The candidate for councilmen-at-large will be named at the convention this evening.

The convention will open at 7:30 o'clock and will be presided over by Judge B. G. Young, who has been chosen temporary chairman. J. A. Rice will be temporary secretary.

The delegates chosen in the various precincts were selected with the utmost care and as a result the entire list is representative of the better class of citizens. They go to the convention practically unpledged and are certain to make selections which will prove to the best interests of the party and the city in general. A list of the delegates and alternates follows:

First Ward A—Delegates, Henry Schuler, David Hoberman, George Blum, Leo Schöckle, Joseph Volla, Jay Vaughan; alternates, Charles Crisswell, Thomas Burke and Amos Donough.

KENNEDY FAMILY HOLDS A REUNION

At Home of Washington
Kennedy Near Martel.

Ninth Annual Outing a Most Successful Event—Officers are Elected.

The ninth annual reunion of the Thomas Kennedy family was held at the home of his youngest son Washington Kennedy, two miles north-east of Martel Tuesday. There were ninety-two in attendance, seventy-two being members of the Thomas Kennedy family.

The morning hours were given to talking of times past and planning for future reunions. At noon a sumptuous dinner was served after which the time was spent pleasantly by both young and old. The young people spent the time in playing ball and coasting on what is known as a hand tile wagon while the older ones spent the time in relating reminiscences of the past until the president called the assembly to order.

Songs were sung followed by instrumental music. The historian's report of the family was read by Mrs. J. W. Kennedy and was followed by the election of officers.

The election resulted as follows: President, J. W. Kennedy; Vice President, F. A. Kennedy; Secretary and Treasurer, F. S. Kennedy; Historian, Mrs. J. W. Kennedy. Committee on arrangements and correspondence, Miss Grace Holland, Miss Idro Baker, Mrs. William Baker and Miss Ollie Kennedy.

At the close of the business meeting ice cream and melon was served.

There were quite a number of old relics exhibited that were brought here from Pennsylvania by Thomas Kennedy in the year 1832. Some of them are one hundred years old or more and the exhibit consisted of planes, hammers, augurs (hand made) spinning wheel, hetchel grindstone, the first one in the country and a store box in which their goods were packed and was afterwards used as a table for the family.

The only two remaining children Samuel aged 73 and Washington, aged 68, were present. The time for departing came entirely too early those present voting the reunion one of the most enjoyable ever held by the family.
